Biography of Josh Clark

Josh has worked at University College Dublin in Dublin, Ireland, for the past 10 years. He is currently Outreach Librarian in the University's library, which has five locations on campus with over 100 staff. He is part of the Library's Outreach Team, and is heavily involved in the multichannel promotion of the library's services and resources via social media, the library's website and at various campus events. He is also UCD Library's webmaster and was involved in a fundamental redesign of the Library's website and accompanying mobile presence in 2011. He and his manager Rosalind Pan recently won a research grant to explore the possibilities for mobile web and app creation for academic libraries, and have surveyed Irish libraries as to the extent of their own mobile developments for their users.
