Working collaboratively
How useful would you find an academic support course accessible via Blackboard Mobile Learn app?

45 very useful
31 useful
22 slightly useful
1 not useful

What types of library instruction would be most helpful via a mobile device?

- 55 Referencing
- 25 Databases
- 18 Writing
- 16 Planning
- 2 Search strategies
- 1 Academic conventions
What types of research activities would you do on your mobile device?

- Searching databases: 94
- Accessing my reading list: 171
- Downloading journals: 191
- Downloading eBooks: 325
- Searching the catalogue: 542
- Reading journals online: 143
- Reading eBooks online: 231
Do you use a QR reader?

Would you like to see more use of QR codes in the Library?

- Yes: 28% (green)
- No: 69% (red)
- 53% Yes (green)
- 44% No (red)
- 3% ? (grey)

DEMYSTIFYING SOCIAL MEDIA & MOBILE TECHNOLOGY

Join us for a special staff development conference this summer to explore how the rise of mobile technology and social media is changing the educational landscape and making an impression on us all!

Plus there'll be the chance to get involved in an exciting challenge - "The wild duck chase" and win prizes!

*Visit ls-appy-conference.eventbrite.com for full details of the day and to register your place.

Edge Hill University
Hi everyone let me introduce the team that make up the Another One bites The Dust Team;

Joan 'Mercury' Cullen  
Keith 'Deacon' McWilliam  
Carol 'Taylor' Chatten  
Paul 'May' Appleton  
Martin 'Freddie' Baxter

6 teams  
29 participants  
84 discussion posts

Engagement

We learned how to do THIS at the #EHULSCPD!

Here is a news story about how ipads are being used for augmented reality in health care. Chose it as it shows the potential power of mobile technology and advances in technology to make positive change

This was new to us  
An ipad app for Turnitin

We think this video could be very useful to promote ... because the student nurse guest speaker was so thrilled with Discover More :-)

Will have a go at them all eventually for my own benefit when I’m helping students on the help desk
Next steps...
Future priorities
Service-wide engagement

- Augmented reality
- Notifications & SMS
- Social Media
- Library Resources
- Your digital tattoo
- Apps students Recommend
- EHU Central App
Law and Criminology

**Getting started**

Welcome to the law and criminology subject pages. These pages introduce the main learning resources available to support your studies of law and criminology. They also have guidance on using library services and details of further help and support. For news and information for Edge Hill law and criminology students, follow me on twitter. If you can't find what you need please get in touch with me, Sheila Murphy.

**New arrivals**
Keep Calm and Submit this Christmas

Posted on December 11, 2013 by Carol Chatten

The smell of spices, alcohol and pine, warm log fires, spending time with family and friends, crackers, pudding and brandy cream... Yes! It must be that time of year... end of semester one before Christmas and time for submissions!

We’ve drawn together some good practice to ensure that your submissions over the next week go as smoothly as you could possibly wish for. There are always chances of uncertainty, but with a little thought and preparation (like a good Christmas present) you’ll be riding as high as Father Christmas himself as opposed to slipping up on black ice.
Your Digital Tattoo...

WHAT DOES IT SAY ABOUT YOU?

Enhance your digital reputation through the professional use of technology and social media.
